- Implemented features such as user-friendly Sign-up and Login page, dynamic pages for home and holidays, detailed hotel information with payment details, Cart page with increment and decrement buttons for room selection, secure payment page
- Ensured full responsiveness of the website for optimal user experience

### WORK EXPERIENCE

#### Express Cargo Movers

Documentation in the Import and Export Industry  
March-2021 to Present

#### Job responsibilities:

- I worked As an Import Executive at Express Cargo Movers in Ludhiana from October 2020 to August 2023, I played a pivotal role in the smooth functioning of the company's import operations. I worked closely with customs authorities to expedite the customs clearance process, resulting in quicker cargo release and cost savings due to reduced demurrage. To enhance operational transparency, I introduced advanced tracking and monitoring systems for inbound shipments, providing real-time updates to clients and enhancing overall customer satisfaction.
